

# 2023 Report Summary from Robert Chinyenze

**December 7, 2023**

2 Corinthians 10:5 - "We demolish arguments and every pretension that sets itself up against the knowledge of God, and we take captive every thought to make it obedient to Christ."

Greetings from my family. We love you and God loves you more.

The year had its own challenges and as always the Lord has been my strength, challenges in the field, challenges in the family and challenges with our economy, challenges with false preachers, elections were also a challenge, besides all these challenges a lot of efforts were put in spreading the good news through a number of activities, (campings, trading pulpits on a monthly basis, home visits etc), with the help of other preachers we visited a lot of places (7 areas we camped this year in a short space of time) where the gospel was preached to strengthen and encourage the brethren to stay strong till His coming. Natural disasters like cyclone Freddy were experienced, heatwaves are still being experienced, it's now festive season people will be visiting families and relatives but the preacher will be always on duty, people needs to be encouraged and strengthened. It is true that the Lord knew workers needs rest and as many servants of God, Elijah and Paul to mention a few , felt overwhelmed at times and I always turn to the Lord for comfort and strength. Different lessons and sermons were taught and preached in the congregations and villages, pics were sent during the course of the year to support the work done.

## **Appreciation:**

I humbly express my gratitude for your unwavering support, help and prayers throughout this whole year, it was a challenging one but you stood by my side for help towards Maria and the brethren on food. May God bless you all.

## **Prayer Requests:**

With the results I have so far concerning my wife who had been complaining of her health it's said she has heart problem (I don't know the exact words or how to put it but the tests said left Ventricular hypertrophy). Don't cease to pray for her when you get to terms with our Heavenly Father, also remember the sick, elderly, the widows, the orphans, better and stronger marriages and for more open doors this coming year.

## **Plea:**

It's true you have engaged yourself in helping the brethren and my prayers are for you to continue with this noble deed as it is said this coming year Zimbabwe is going to experience severe droughts.

## **Work Plan:**

No new work this year and this coming year we are planning to visit some new areas. It is evident that the Lord has been working through myself and other preachers in a mighty way this year in His vineyard as I witnessed 213 baptisms in all the places i visited and 6 restorations.
