

One fascinating detail in a universe of God’s created wonders is the rings within tree trunks. As the tree develops, forming layer after layer of new cells, these rings form. Season after season, a tree grows—not just vertically or in the length of its branches, but in the breadth of its trunk. One ring marks one year and the ways those rings form tell a story of what that tree has experienced over the course of its life.

Growing Up: the Rings of a Mature Walk With God

- _____ up: _____ of life

- _____ up: the walk of _____

- _____ up: humble _____

- _____ up: hopeful _____

- _____ up: abounding _____
